HEALING HERO SOCIETY

Foster hope and healing for Utah children.

Our Gala will be a fun evening of connection, but most importantly, it will support Utah's vulnerable children in foster care and the families who care for them. Children come into foster care due to abuse and neglect. Connection is crucial to healing trauma. Foster parents dedicate their days to this healing mission and they can't do it without community support. Donations support programs that foster connection, healing and resilience for the children and families.
