

SAFE HOME PLEDGE

- We advocate for youth in our care to be able to express their true selves.
- We are intentionally inclusive in the language we use.
- We affirm a child's chosen name and pronouns in ALL conversations, whether the child is present or not.
- We actively stand up against discrimination and bullying.
- We advocate against any form of conversion therapy for the youth in our care – clinical or religious.
- We will continue to learn and incorporate current terms and best practices in our home.
- We will educate ourselves about intersectionality and its effects on LGBTQ individuals.

FOSTER

SAFETY, LOVE, & PRIDE

All children deserve safe and loving homes.

Did you know that 1 in 3 youth in foster care are LGBTQ? Lesbian, gay, bisexual, transgender and questioning (LGBTQ) youth are over-represented in foster care nationwide. They are more likely to experience discrimination, abuse, neglect and harm.

Without safe foster home placements, LGBTQ youth are at high risk for homelessness and sexual exploitation.

Can you or someone you know be that safe and loving home?
