

IN PARTNERSHIP WITH THE DIVISION OF CHILD AND FAMILY SERVICES

FISCAL YEAR | 2022

Annual Report

Letter from the CEO

Dear Friends and Supporters,

I would like to share with you a sentiment that truly embodies the essence of foster parenting: "We don't just take on the kids - we take on the whole family." These words from a Utah foster parent convey the depth of responsibility and care that is required to support children and families in need.

At Utah Foster Care, we embrace this responsibility and consider it a privilege to support the foster families who have stepped up to take on this challenging and rewarding work. We recognize that foster parenting is not just about caring for children while their families heal, but also about caring for the families themselves.

As we enter the new fiscal year, we are proud to be partnering with First Lady Abby Cox's "Show Up Utah" initiative, which has brought much-needed attention to the hard realities that children and families face. Through growing community support, we are able to offer foster families more local events and support services to help them connect and bond as families, whether it be through a simple meal together or a fun outing.

We understand that not everyone is able to serve as a foster parent, but there are many ways to make a meaningful difference in the lives of these families. We are exploring new programs to foster connections between local businesses and youth impacted by foster care, providing opportunities for these young people to feel a sense of belonging and hope for the future.

As we continue to grow and expand our services, we invite you to join our village in supporting these families with the love, respect, and support they deserve. Together, we can make a positive impact and provide a brighter future for these children and families.

Sincerely,
Mike Hamblin
Chief Executive Officer
Utah Foster Care
